# WHY DENTACME

*“What lies behind us and what lies before us are tiny matters compared to what lies within us”*

**DENTAL + ACME (Highest Point of excellence) = DENTACME.**

DENTACME is a concept, an idea, a revolution, a roadmap conceptualized into a reality by a team of young and enthusiastic visionaries, who themselves have travelled the path successfully. Founders and advisors of academy are themselves top rankers of their times in most prestigious and toughest entrance exams in dentistry. It is because of untiring sincere efforts of whole team that we have achieved such success and reputation in a span of over four years and continuing with giving ranks in almost every exam till now including NEET, PGI, AIIMS, various state entrance exams and abroad (NBDE, NDEB & ADC). Team has brought laurels to the academy by changing lives of thousands of students by making their dream come true with constant support and unique ways of guidance through academy and authoring most authentic books. TEAM DENTACME is involved in writing most authentic entrance exam books in the field, one of them is the Best selling AIIMS Question Bank with the name “AIIMS 25years”. Ranks in NEET & PGI this year speaks volumes of the efforts and dedication of the team in shaping the best brains of the country into a masterpiece. Through our regular classrooms, online test series and correspondence courses and various discussion groups on WhatsApp, Facebook and discussion forum here, we have given shape to the raw energy of the students into a rank holder. We have at DENTACME not only focus on finishing subjects and revising (that everybody does) but also makes you ready with your mindset with personal attention, focusing on your weak and strong points, various techniques in crunch situations and many other key points which will keep you ahead of rest others. With God's grace, support of family and friends, blessings of well-wishers, DENTACME, as a phenomenon is gradually & persistently heading towards the ACME point in the field.

**We believe** *“Lack of direction, not lack of time is the problem. We all have 24 hours a day” – ZigZiglar*

# AN INTERVIEW: Is it possible to crack with internship??

**Deeksha Singh**

(NEET 2017, Rank 57  
NEET 2017 1st Rank in  
Punjab State) BIG YES

Q. Congratulations on securing a top rank in NEET 2017 Entrance exam. What is the secret of your success?

A. Thank you so much. I believe continuous hard work, consistent efforts and GOD's grace helped me to achieve this rank.

Q. Could you tell us something about yourself?

A. I strongly believe Hard work can beat talent when talent doesn't work hard. I have done my BDS from SHAHEED KARTAR SINGH SARABHA DENTAL COLLEGE, LUDHIANA.

Q. Who or what influenced you to take up dentistry as career?

A. Like most others BDS was a chance not a choice. But with time I fell in love with my profession.

Q. Were you an extraordinary student during your graduation years?

A. NO, I was an average student. I was never a topper during my graduation. But I focused to get my concepts cleared.

Q. What were your aggregate percentage marks for BDS?

A. I scored an aggregate of 64.25%.

Q. How did you prepare during your internship period?

A. I started preparing from very beginning of my internship. But it took some time to be consistent enough. Then I joined **Dentacme**. They guided me well.

Q. Was it your first attempt?

A. Yes, it was my first attempt

Q. When did you start serious preparation for this year's entrance exam? What was your study strategy?

A. I had small targets every day. I tried to finish them regularly. In the end they added up well.

Q. Did you make any notes for helping your revision? Were they useful?

A. I was not comfortable with making notes. But I had made some notes of important topics.

Q. In your opinion, how much total time (in months) does a student require for preparing for this exam?

A. At least 7-8 months with sincere efforts are enough.

Q. How many hours did you study each day after college working hours? And how many hours you gave after completion of your internship?

A. During internship I tried to sit for 7-8 hours daily. And after internship I increased the time to 14-15 hours

Q. Did you have a timetable for preparation? Were you able to stick to it?

A. I didn't have a strict time table. I just decided to achieve small targets daily.

Q. What role did the internet play in your preparation (Facebook, Whatsapp etc)??

A. I was part of **DENTACME** whatsapp group which gave all updates regarding the different exams and various important questions. TEAM **DENTACME** always helped me with my doubts

Q. Did you ever doubt your ability to get selected in this entrance exam? If so, how did you overcome your fears?

A. The preparatory phase is too long to have such thoughts, but fortunately my family and friends were a constant moral support. Our teachers at **Dentacme** were a source of inspiration.

Q. Did you attend any classroom coaching? Was it useful? Do you think classroom coaching is essential for getting a good rank?

A. Yes, I was part of **DENTACME** CLASSROOM PROGRAM. It was indeed useful.

Q. What were the subjects you focused on?

A. Clinical subjects were my priority but I also didn't take the non-clinical subjects too lightly

Q. How did you prepare for the image-based questions?

A. **DENTACME** IBTs (Image Based Tests) were a great help.

Q. What was your strategy for taking entrance exams?

A. Keeping my calm and having faith in my hardwork.

Q. Which specialty are you interested in choosing and why?

A. I like all the clinical branches of dentistry.

Q. What is your advice to future aspirants?

A. I want to wish all the future aspirants all the very best. Rest when you get tired but don't quit.

*That brings us to the conclusion of the interview. Thank you for your time and best of luck for your future endeavors*

# AN INTERVIEW

**Dr Anirban Raha**

(Rank 129 NEET Dec 2016)

**Q.** Congratulations on securing a top rank in NEET 2017 MDS Entrance exam. What is the secret of your success?

**A.** Thank u. The secret of my success- Patience, Hardwork and Faith.

**Q.** Could you tell us something about your self?

**A.** I am from New Alipore, Kolkata. I have done my schooling from South Point School. I love reading, listening to music and am a huge sports fan whether it be cricket, soccer or tennis.

**Q.** From which college did you finish your BDS graduation?

**A.** I did my BDS from Guru Nanak Institute of Dental Sciences and Research, Kolkata (2009-2014).

**Q.** What are your aggregate percentage marks in BDS?

**A.** My aggregate percentage marks in BDS is 64.

**Q.** Were you an extra ordinary student during your BDS years?

**A.** No I was not an extraordinary student. Just an average sincere student. I guess.

**Q.** How did you prepare during your internship period?

**A.** During internship it is difficult to find time and balance between work and studies. I cant say that I managed to give full effort in my studies during my internship but I was lucky enough to get a good rank in COMEDK(220) and KLE(69). However my rank in AIPG was much worse(1232). This was in 2015. After this I made it my goal to crack AIPG.

**Q.** What ranks did you obtain in your previous attempts? What changes did you make to your preparation after your last attempt?

**A.** After 2015, in 2016 my rank in AIPG was 419. I was quite disappointed. The paper was quite difficult but its really no excuse. I also gave COMEDK where my rank was 226 and my WBPB rank was 34. But the disappointment of AIPG was very overwhelming so I decided to have one last attempt. That means back to the basics and starting from scratch once again.

**Q.** When did you start serious preparation for this years entrance exam?

**A.** I started my preparation for this year back in March, 2016. My strategy and objective for this year was that I wanted to be very thorough with everything I was doing. That means a lot of revisions and going through topics that I hadnt covered well enough before. I didnt want to leave any stone unturned.

**Q.** Did you make any notes for helping with your revision? Were they useful?

**A.** I am not very good in making notes but I must say I did make a copy where I used to note down important dates and names of persons. It was really helpful for me during revisions.

**Q.** How many hours did you study each day? In your opinion how much time does a student require for preparing for this exam?

**A.** I never planned how many hours I need to study. I believe you have to study as long as you need to finish your subjects and stay on schedule. You yourself can only say how much time you need to put in. It differs from person to person. But in general 10-12 hours per day is good enough. Atleast it was for me.

**Q.** Did you have time table for preparation? Were you able to stick to it?

**A.** You always have to have a fixed schedule for your preparation and you also need to stick to it. Its not always possible but atleast you need to try hard to keep on time.

**Q.** What role did internet (Facebook, Whatsapp etc) play in your preparation?

**A.** In todays preparation, Facebook and Whatsapp have become very important. People post their doubts and queries which are usually answered by other people. So if you dont know the answer to a question or maybe you have a doubt, it gets cleared in that way. And also you tend to remember these things really well. So it was very helpful for me.

**Q.** Did you ever doubt your ability to get selected in this entrance exam? If so, how did you overcome your fears?

**A.** PG entrance examinations are quite tough. You can never surely know whats gonna happen. It always plays on your mind. But I think you always need to have a positive attitude during your preparation. You need to believe that you can do it which is the single biggest motivation for a person.

**Q.** Did you attend any classroom coaching? Was it useful? Do you think classroom coaching is essential for getting a good rank?

**A.** I didnt do any classroom coaching myself. But if somebody wants to, they can definitely do. Certainly wont harm.

**Q.** Did you attend any test series? If so, did you find it useful?

**A.** I did attend Dentacme online test series. Weekly tests on various subjects and also mock tests helped me to assess myself really well. It gave me confidence and also showed me the areas where I needed to work on.

**Q.** What were the subjects you focused upon?

**A.** You need to do all the subjects very well. Even though I gave special emphasis on clinical subjects, but with the current pattern of NEET I think everyone should give equal weightage to both basic and clinical subjects.

**Q.** Which books did you stressed most for preparation?

**A.** For books I stressed on Dental Pulse, Dentest, Jitendra Sharan, **AIIMS-25** for AIIMS papers and Neeraj Wadhawan for AIPG papers. There were a lot of other books also but these are the ones I was really thorough with.

**Q.** Is there anything specific to keep in mind while preparing for NEET?

**A.** For NEET you really need to be thorough with everything you are studying whether its explanations or synopsis because questions can come from anywhere.

**Q.** How did you prepare for the image based questions?

**A.** For image based questions I used to go through pages of standard textbooks. Image Based Questions of Dentacme Test Series proved to be very beneficial for me.

**Q.** What was your strategy in last week before taking NEET exam?

**A.** My last week strategy before NEET was to stay relaxed as much as I could, revise a little and not get too much worked up. You also need to sleep well.

**Q.** What is your advice to future aspirants?

**A.** My advice for future aspirants will be- Dream big, work hard and always believe in yourself. And remember anything seems impossible until its actually been done. Wish you guys all the very best!!

*Thats it from our side. Thank you so much for your time and best wishes for future endeavors!!!*

# AN INTERVIEW Shall we take risk of repeating ?

**Dr Jannis Arora**

Rank 4, PGI, 3rd Rank in Punjab  
State, Rank 111 NEET Dec 2016:  
BIG YES

Q. Congratulations on securing a top rank in NEET MDS Entrance exam. What is the secret of your success?

A. My secret of success was persistent determination, a clear mind set and a passion to achieve what I want.

Q. Could you tell us something about yourself?

A. I am from Jagraon, Punjab . I did my BDS from Punjab govt. dental college, Amritsar.

Q. When did you finish your BDS graduation and in which year?

A. June 2015

Q. What are your aggregate percentage marks in BDS?

A. 65.6%

Q. How did you prepare during your internship period?

A. I dint study much during my internship. I started studying seriously after college in july 2015.

Q. What ranks did you obtain in your previous attempts?

A. AIIMS Nov 2015- 170 rank , PGI Nov2015 -130 rank, AIIMS Nov2016-127rank , PGI Nov2016- 4<sup>th</sup> rank

Q. What changes did you make to your preparation after your last attempt?

A. I dint make much changes but I focused upon limited number of books so that I could revise more.

Q. When did you start serious preparation for this years entrance exam?

A. Mid of may 2016

Q. What was your study strategy?

A. I used to make a schedule each day keeping in mind daily time available for study and duration left before exams. I used to study subject wise ,one subject at a time and did related subjects together. I used to refer textbooks (either standard book or any other you read) for confusing topics. Revision is very important. So its not about number of books you read, its about number of times you read one book.

Q. Did you make any notes for helping with your revision? Were they useful?

A. Yes , I did make notes. Since syllabus is vast ,making notes helps.

Q. How many hours did you study each day? In your opinion how much time does a student require for preparing for this exam?

A. I used to give 7-8 hours/day during initial months of preparation. During last 2 months I used to put in approximately 10hrs/day or may b more. Quality of study is way more important than quantity. You can spend 12hrs reading with your phone by your side, it is equivalent of 6 hrs of quality study. So try to give more time to quality study. There will be times when you study like

12 hrs/day and one day 3 hrs/day. Dont get disappointed. Just keep going.

Q. Did you have time table for preparation? Were you able to stick to it?

A. Yes and I was able to follow.

Q. What role did internet play in your preparation?

A. I was the part of **Dentacme** whatsapp discussion group. It was very useful for the queries. Also I used to go through slides for image based questions. But books are enough if u dont hav an access to internet.

Q. Did you ever doubt your ability to get selected in this entrance exam? If so, how did you overcome your fears?

A. These feelings of self doubt always crop up. Not once but many times I doubted myself. I used to talk to my teacher , family and friends. Thing is just never give up and keep studying.

Q. Did you attend any classroom coaching? Was it useful? Do you think classroom coaching is essential for getting a good rank?

A. I attended few **Dentacme** coaching classes. Coaching helps building a base over which you could add more knowledge. It was definitely useful. There are many students who have done equally well without attending any coaching classes. So I would say they are not essential for a good rank but its helpful.

Q. Did you attend any test series? If so, did you find it useful?

A. I attended **Dentacme** test series. I used to give my tests. They helped me stay focused.

Q. What were the subjects you focused upon?

A. Every subject. Its important to touch upon all subjects.

Q. Which books did you stressed most for preparation?

A. Pulse , Wadhwan , AIIMS 25 Pulse is the first step, just like for anyone else in India but AIIMS 25 years took it to next level. It is a wonderful book with great explanation. Its a must read book. I highly recommend every aspirant to read this book with explanation. Sharan for ortho is important too.

Q. Is there anything specific to keep in mind while preparing for NEET?

A. Everybody has their own reason to clear the exam. So just keep that reason or aim in ur mind. That would be enough to keep you going.

Q. How did you prepare for the image based questions?

A. Go through standard books for pictures or instruments. Rest make your concepts clear so u can solve any question.

Q. What was your strategy in last week before taking NEET exam?

A. My strategy was just keep revising. Dont touch anything new. Stick to the basics. Revise all the notes.

Q. What is your advice to future aspirants?

A. PG preparation takes a lot of hard work. There will be times you will feel low or disappointed . but never give up. Its worth it in the end.

*Thats it from our side. Thanku so much for your time and best wishes for future endeavors?*

## AN INTERVIEW: An Inspiring Story, Can you do it after marriage ??

**Dr Deepak Kumari**  
(MDS Pedodontics, GDC,

- Q.** Could you tell us something about yourself?
- A.** I am the mother of two sweet angels and was a working house wife.
- Q.** Whom do you like to dedicate this success and whom would you like to thanks for the same?
- A.** I would like to dedicate this success of mine to never ending support of my husband and my parents. Last but not the least Dr. Aman Sharma and other teachers of **Dentacme** who guided me so well that I reached my goal
- Q.** When did you join your postgraduation and in which branch and college?
- A.** I joined my postgraduation on 23rd May, 2016 in Prosthodontics in GDC Asr.
- Q.** When and from which dental college you finished your BDS graduation?
- A.** I finished my BDS from DIRDS, Faridkot in 2007.
- Q.** What are your aggregate percentage marks in BDS?
- A.** My aggregate percentage is 58 percent.
- Q.** When did you start serious preparation for this years entrance exam?
- A.** I started my preparation in 2015
- Q.** What was your study strategy?
- A.** My study strategy was to revise my subject as many times as possible so that I don't attempt repeat questions wrong
- Q.** Many say it is difficult to manage time for studies with daily routine and with family responsibilities. How did you manage?
- A.** Yes, it was difficult to manage time for studies with my daily routine and with family responsibilities. But it was not impossible. My family made time management easy for me.
- Q.** Did you make any notes for helping with your revision? Were they useful?
- A.** No, I didn't make any notes for revision
- Q.** How many hours did you study each day? In your opinion how much time does a student require for preparing for this exam?
- A.** Initially I studied for 6-7 hours daily. But in the end this increased to 9-10 hours a day.
- Q.** Did you have time table for preparation? Were you able to stick to it?
- A.** Because of my busy routine and family responsibilities I never get time to study in continuity. But whenever I got time I always wanted to spend that time with my books
- Q.** What role did internet (facebook, whatsapp etc.) play in your preparation?
- A.** I joined **Dentacme** whatsapp and facebook group. The questions posted in these groups were always a help to revise the subject when I was not studying. It gave me confidence that I am on right track.
- Q.** Did you attend any classroom coaching? Was it useful? Do you think classroom coaching is essential for getting a good rank?
- A.** No, I didn't attend any classroom coaching.
- Q.** Did you attend any test series? If so, did you find it useful?
- A.** Yes, I joined **Dentacme test series** and I found it very useful. It gave right directions to my hard work.
- Q.** What were the subjects you focused upon?
- A.** All the subjects have equal importance but I focused more on clinical subjects
- Q.** Did you ever doubted your ability?
- A.** I never doubt my ability to get selected in entrance exam. But there were times when I became weak and upset. At that times Dr. Aman Sharma, my husband and my parents cheered me up and tried to make me focused again
- Q.** Which books did you stressed most for preparation?
- A.** Dental pulse, Gowri Shankar, wadhwan, Saran, Mudit Khanna, Amit Ashish, **AIIMS-25**. AIIMS -25 proved to be very useful book during preparation. Explanations to answers of each question given in this book worth reading.
- Q.** Is there anything specific to keep in mind while preparing for NEET?
- A.** Always try to remain focused and revise as many times u can
- Q.** What was your strategy in last week before taking NEET exam?
- A.** I always revise in last week instead of reading something new. One day before exam I never touch my books to keep my mind fresh and calm to face the final battle.
- Q.** What is your advice to future aspirants?
- A.** I will say nothing is impossible in this world. If I can do it then everyone can. Thanks Dr. Aman Sharma and team **Dentacme** for their useful guidance and Thanks for giving such a nice gift of **AIIMS-25** to every NEET aspirant. Thank u very much

*Thats it from our side. Thanku so much for your time and best wishes for future endeavors?*

## Testimonials

### Dr Sachin Dhingra

House Surgeon in MAMC, Delhi

Rank: 2 (MAMC), AIIMS May 72, AIR 333 in NEET 17

After passing final year BDS, I realized its not easy to survive in this field. The number of government seats (especially clinical) is very less. You have to be on top 100 to get a good seat. Everyone said you are talented and can crack it for sure. But my opinion is Talent is important but more important is how to use your talent

**Dentacme** coaching classes and Whatsapp group are very dynamic. They always keep you updated about the recent trends. I can proudly say that I was a regular student of Chandigarh **Dentacme** classroom and it was a great push to my mindset. During preparation two books really impressed me and were my main focus.. Dental Pulse and AIIMS 25 years. The book AIIMS 25 years is reaching more and more and I saw a tremendous following of this book in MDS aspirants. I would like to share my best wishes for all the aspirants and Team **DENTACME** for 2nd edition of the book.

### Dr Suryadeep Kaushik

AIPGDEE 14: AIR 168

Oral Pathology, MGPGI (Government of Puducherry Institution), Puducherry

Theres a special thing with Shatabdi trains or superfast trains,?? They dont stop at unwanted stations like that for MDS preparation more important than what to read is what not to read and this special book has this quality of precision, nothing extra, to the point explanations so that you stay always on the path Plus the greater words by authors of the book that helped me also that you need only one seat, not two. So doesnt matter which exam you are giving and how many seats are there, be it AIIMS, PGI or AIPG, just crack it

### Dr Jatinder Banga

AIPGDEE 2015 - AIR 41 (SC)

AIIMS MAY 15 - AIR 3 (SC)

State Rank 3

Prosthodontics, (Govt Dental College and Hospital), Patiala, Punjab

First of all I am thankful to almighty God who gave me chance to share my experience and give me one of the pleasant gift of my life. I would also like to thank **DENTACME** - AIM HIGH ACHIEVE

MORE and Dr Aman Sharma, who guided me at each and every single step of my struggle. Practice, persistence and performance when inculcated in the meticulous guidance of master minds are sure to produce the output of excellence in terms of carrier and development of holistic personality and this is the mere objective of a brand called **DENTACME**. Both the classroom coaching and **test series** provided by this academy is very fruitful and much simulated to AIPG, AIIMS. I would not miss to mention their **DENTACME** AIIMS Book which really helped me before my AIPG exam with most recent AIIMS SRship papers with correct answer key as there were many repeats from these papers. It acted like a boon at last stages of preparation and am sure with coming editions also, itll help every aspirant like it did to me. **DENTACME** AIIMS edition is one of the most authentic books in market strongly recommend this book to all. I would also like to thank my parents and my dear friend Dr Suryadeep Kaushik, MDS (Oral Pathology, GDC Puducherry) for their blessings and for being a pillar of strength through tough times.

### Dr Ajay Mittal

Oral Surgery  
(Guru Nanak Dev Dental college), Sunam,  
Punjab

It is really a proud feeling to have your dreams come true. I saw the dream to become an Oral Surgeon and it came to action under the continuous guidance and blessings of Dr. Aman Sharma and team **Dentacme**. They sowed the seed of hard work in me to make it grow to achieve my goal. **Dentacme** is an excellent venue for the new aspirants to come, learn and achieve their goals. I really thank Dr. Aman Sharma and the team **Dentacme** to provide me such a platform.

### Dr Muzammil Rushnaiwala

AIR 72 (2015)

Government Dental College and Hospital  
Ahmedabad (Cons and Endo)

**Dentacme** book serves as an icing on the cake during Pg preparation. The answers are with proper references and the Sr ship questions which are nowadays very important to secure a good rank and seat are also given very well...

I thank my Senior and mentor Dr Aman Sharma for this wonderful approach towards study... All the best Pg aspirants and I wish my sincere wishes to Dr Aman Sharma and team...

### Dr Amanjot Kaur

Oral Surgery, PGI (2015)

I can't explain my gratitude to TEAM **DENTACME** and especially Dr Aman Sharma for his continuous tireless efforts for me and all the students. Nothing can get better for me, I finished my internship on 30<sup>th</sup> June, 2015 and I joined Oral Surgery, PGI on 1<sup>st</sup> July 2015. It was all possible due to **DENTACME** and their guidance and support. It is not just preparation, that many teaches, it is their moral support, whenever you feel low in preparation, sir used to come in and say few encouraging words and was pumped again and it happened finally. Along with hard work, you need someone to guide and **DENTACME** played major role in that. **DENTACME**'s books, **DENTACME** AIIMS edition is one of the best MCQ books I ever read with precise explanations and beautiful table to learn. Nothing in that book is extra, nothing less. Just what you want to know for an exam, may be because authors themselves are AIPG rankers. I am sure next edition will be even better which has 15 years of AIIMS exams. I am after buying this book; students will not look for any other for AIIMS exams. I wish TEAM **DENTACME** and all the aspirants best of journey.

### Dr Anuradha Lokare

MHTCET Rank-General-162

Oral Pathology,

Government Dental College and Hospital, Mumbai, Maharashtra

It is my pleasure to write a testimonial for your book. I would like to thank **DENTACME** and Aman sir especially for always guiding me for pg preparation. Without proper guidance it's impossible to crack any pg entrance exam. I always read those questions posted in the group daily with the proper explanation of that provided. Thank u very much sir and TEAM **DENTACME** WITH REGARDS.

### Dr Kanish Aggarwal

AIPGDEE 15: AIR 416

Orthodontics,

Dr. Harvansh Singh Judge Institute of Dental Sciences and Hospital, Chandigarh

For me **DENTACME** AIIMS MCQs book is the best book for authentic previous years AIIMS papers. It has all the authentic questions with proper options. All the answers have been well researched which provides with the best and true knowledge. I recommend everyone to read this book in detail along with explanations.

### Dr Amarpreet Kaur

AIPGDEE 15: AIR 517

Prosthodontics,

Dr. Harvansh Singh Judge Institute of Dental Sciences and Hospital, Chandigarh

I being Dr Aman's student from UG days have known him for some time now. It didn't take much time for me to decide who will guide me in my preparation for AIPG, he himself being AIPG cracker and the way he used to teach us. I was proud student of **DENTACME** Coaching academy. **DENTACME** AIIMS book, both earlier editions helped me a lot in my preparation to find right answers to AIIMS exams and AIIMS SRship papers which really helped me in AIPG. This is an amazing book and I am sure newer edition will be even better. Heard sir is including 15 years of AIIMS exams. Nothing can get better than this. My best wishes to all the aspirants and to TEAM **DENTACME** for their continuous good work.

### Dr Noopur Chandra

AIPGDEE 15: AIR 267

For me **DENTACME** AIIMS supplement book was a savior as I was not getting access to AIIMS SRship papers and it also had AIIMS Nov 14 exam with authentic answers and explanations which helped me a lot. Since then I have been in touch with Dr Aman and **DENTACME** Facebook groups too really helped me. I strongly recommend this book to all, if you want to get clear with your concepts and controversies of questions. They have given reference to even source of questions which make you believe the answer more. My best wishes are with **DENTACME** for their upcoming edition.

### Dr Vijay Sharma

MDS, Public Health Dentistry,

Government Dental College and Research Institute, Bengaluru, Karnataka

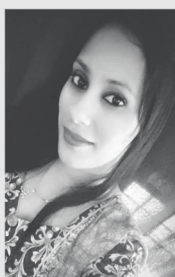

I have a special place for Dr Aman in my heart. He was a great support in my preparation journey and a morale booster. I was member of **DENTACME** WhatsApp group and was lucky to be guided by **DENTACME**. **DENTACME** AIIMS book is one of the best I have read, though it had only 5 years of papers in earlier edition but they were worth reading with their explanations. It really helped me in clearing my various concepts. I just recommend it to all, you just don't miss a single word of explanations, and they are really really helpful. I am grateful to TEAM **DENTACME** and always ready to be part of it. I recommend this book strongly to all, if you are looking for authenticity and nothing unnecessary. Best wishes

### Dr Rhythm Sood

Medical Dental Officer (Punjab)

The greatest achievement for me after 2006 (when I was 1<sup>st</sup> in my district in 8<sup>th</sup> std.) is now exactly after 10 years in 2016. Coming in top 17 in Punjab Civil Medical Services is like the biggest dream come true and esp. when the competition is so hard and you are just the fresher. As this exam was announced after 4.5 years, I didn't want to miss this opportunity at any cost. It needs motivation to achieve your dreams in my experience, it is the desire which makes you impossible things done. What I have learnt is always remember, you have within you the strength, the patience and the passion to reach for the stars to change the world. Just keep on chasing your goals and it's rightly been said God helps those who help themselves and I really want to thank Aman Sir and team **Dentacme** for your fruitful efforts and support. The tests were really really helpful in polishing my preparation and I owe my success to God, my family, friends, and team **Dentacme**. Thank you every one for your best wishes J

### Dr Shalvi Singh

MDS Student (Orthodontics)

Himachal Dental College, Sundernagar

With the grace of our mighty blessings of my parents I am bestowed with the opportunity to pursue postgraduation degree in orthodontics from HDC, Sundernagar, H.P.

This is definitely the best moment of my life. I do not want to miss this chance to thank and congratulate every person in my life.. who helped me reach here..

Dr Joginder Singh.. dear hubby.. This could not have happened without your love and support and your belief in me thanks for being there for me

My darling daughter My lucky charm

Dr Ranjeet Singh thanks for gathering material for me

Dr Aman Sharma sir.. thanks for guiding me and pushing me. Every now and then when I was out of track This could not have happened without your constant support.. I met you when I was wandering for guidance.. Now I thank God for showing me the right path **dentacme test series** was a boon for me.. and it is definitely the best academy for MDS aspirants !!!

My loving in laws/ who helped keep things going while I was struggling with my preparations..!!

THIS WOULD NOT HAVE HAPPENED WITHOUT U GUYS

I AM BLESSED TO HAVE U ALL IN MY LIFE!!!!!!

### Dr Sumeet Pal

Medical Dental Officer (Punjab)

Aim for the best and to achieve it,.. strive hard

Put in your best efforts and let destiny play its part..! ..because as the old saying goes, All is well, that ends well!

A zillion times thanks and gratitude to the TEAM **DENTACME** for the everlasting support and guidance, especially the eleventh hour of the preparations

The best ever **test series**, which helped me prepare and revise the syllabus over and over again in the best manner

The doubt clearing sessions, especially the Whatsapp group discussions, that instilled confidence in me to ask and clarify all my doubts in the best manner, and of course with the best faculty..

Not to forget.. one of the best books I've ever read.. AIIMS 25 years.. with the maximum questions and explanations given in a simplified manner.. I couldn't have asked for more.. I got the best ever guidance from your faculty

No wonder, I am on top of the world to be a PROUD DENTACMIAN to secure 7<sup>th</sup> rank in PCMS-1, Medical Officer (Dental)

Thank you TEAM **DENTACME**!

For investing your faith and time in me..!

For making this dream come true..!

Always indebted to you for this great achievement..!

### Dr Shubhra Pathak

3<sup>rd</sup> rank, PG Student (Orthodontics),

AMU Aligarh

Finally I did it.. Don't have words to thank everyone who contributed to my rank. Getting rank in AMU is like dream come true. Can't thank my family friends enough to support me during this journey. I'm very thankful to Dr Aman Sharma for his guidance at every step of preparation, after coming in contact with him I found myself on the right path. AIIMS 25 years is one of the best books in dentistry I have come across. I have read this book by heart. Questions and answers are available everywhere but its explanations, its presentation is just mind blowing. Thanks again sir from bottom of my heart. Best wishes for your future endeavors and let me know if I fit anywhere there. I'll feel privileged.

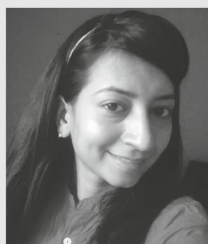

### Dr Arun Dev Sharma

1<sup>st</sup> Rank, MPPSC  
Medical Officer (Dental), MP

Thanks to **DENTACME** and respected dr. Aman Sharma sir for helping me during my preparation. Standard of your academy practice paper is very much helpful for covering basic concepts.

A best book, AIIMS 25 years was also helpful with its amazing explanations, very much helpful not only for AIIMS, it is good for AIPG and other state prep and PSC exams (Reading this I cleared aipg and got merit 22<sup>nd</sup> in Army Dental Corps 2015). So I strongly recommend this book to all.

Thanks again to dr. Aman Sharma sir for your guidance

### Dr Vijeta Angural

MDS Student, Orthodontics  
GDC, Indore

A big thanks to Babaji, my family, my seniors, my friends for their never ending support

I would like to thank Team **DENTACME**, Dr Aman Sir, Dr Suryadeep, Dr Neha, Dr Seema for their guidance and support

I am grateful to be a part of **DENTACME**. Best part of **DENTACME** is that it works like a team, 24x7 Proud Dentacmians whatsapp discussion group is very helpful, which clarifies each and every doubt.

**AIIMS-25 PG** entrance book helps in polishing your over all knowledge and gives edge required to score well in competition. Online **test series**.. Notes.. PDF files provided by Sir helped many of us to crack this pg entrance. Because of their untiring efforts I was able to attain a pg seat in ortho branch in Govt. College of dentistry, Indore

Thank you for making this journey easier for me

### Dr Bagisha Kathuria

AIR 33 (NEET 17)

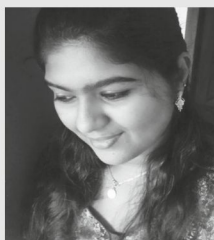

Rank 33 in NEET is like dream come true for me. i would say hard work is not ample to achieve success unless it is coupled with right guidance and support. I thank Dr. Aman Sharma sir for assisting in preparing with right perspective. I joined **DENTACME test series** to get feel of competition and **dentacme** tests made me realize how

important is to mark repat and basic que right and helped me a lot. I also sincerely thank him for their book **AIIMS-25** which was of immense help with its explanations. Thank you so much sir and whole team for ever supporting. Best wishes.

### Dr Gayathri Mohan

AIR 707 (NEET 17)

### Dr Deeksha Singh

AIR 57 (NEET 17, 1st Rank in Punjab State)

Hard is said to be the key to success. But I believe hard work with right direction is more important. I want to thank team **Dentacme** for giving me this direction. **Dentacme** classroom **test series** were a great help during my preparation phase. It helped me to find whether Im consistent enough; giving adequate time to my preparation; improving my own score. Getting various doubts clearer was complimentary. These **test series** were for me a reality check. **Dentacmes AIIMS-25** helped me a lot. A book with answers of many controversial questions with thorough explanations. Beyond all this Ive no words to thank our teachers for being what they are; for their personal guidance and time to time motivation; for believing in me when I didnt and for making all this easier. Thank you; thanks a lot

### Dr Anirban Raha

AIR 129 (NEET 17)

Cracking NEET and getting a good rank is a dream come true for me. It was not an easy journey for me. Cracking PG entrance exam require a lot of hard work, dedication, sincerity but most importantly a smart approach. In this context I would like to thank my parents, family and of course the entire **dentacme** team who have helped me immensely in different ways. The book AIIMS 25 years is a true gem that helped me sharpen my preparation. The teachers have been always there to solve my doubts and also uplift my spirit whenever I lost motivation. The online **test series** is also helpful because it helped me constantly monitor my progress. In short joining **dentacme** turned out to be of great help to me, Thank you team **dentacme**!!

### Dr Salil Mehra

2<sup>nd</sup> Rank, Himachal (NEET 17)

I am thankful to **DENTACME** group, especially Dr Aman for the guidance and direction to prepare for the entrance exam. He has been there to listen the individual problems and difficulties. Hence I was able to understand the format of exams well and find a better way to attempt the questions. His motivation enabled me to keep going in hard times and get the desired results. Wish **Dentacme** team good luck for the 2<sup>nd</sup> edition of the book in which they have put the relevant material in precise manner.

**START NOW.**

Start where you are. Start with fear.

Start with pain. Start with doubt.

Start with hands shaking.

Start with voice trembling but start.

Start and don't stop.

Start where you are, with what you have.

Just start.
